# TOWN WARRANT

## The State of New Hampshire

---

To the Inhabitants of the Town of Londonderry in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Central School in said Londonderry on Tuesday, the Seventh day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.
4. To see if the Town will vote to authorize the Selectmen to sell at Public Auction, property acquired by the Town through Tax Collector's Deeds.
5. To see if the Town will vote to accept State Aid for the Construction of Class V roads, and to raise and set aside for said purposes the sum of \$1,657.55 and the State to contribute the sum of \$11,040.55.
6. To see if the Town will vote to accept the following Trust Funds:

Walter A. Perry .....	\$100.00
Frank, Sr. & Mabel Sullivan .....	100.00
Arthur J. Hepworth .....	100.00
Herbert M. Hulse .....	100.00
7. To see if the Town will vote to require the Board of Selectmen to submit for competitive public bidding any capital expenditures of over One Thousand Dollars (\$1,000.00).
8. To see if the Town will vote to elect a board of three auditors as provided by RSA 41:32a for three years.
9. To see if the Town will vote to authorize the Selectmen to apply, negotiate and do all other things necessary to obtain such Federal Interest Free Loans, or other Federal funds, on behalf of the Londonderry Housing & Redevelopment Authority.
10. To see if the Town will vote to raise and appropriate the sum of One Hundred Fifty Thousand Dollars (\$150,000.00) for the purpose of constructing a library, such sums to be raised by the issuance of not more than One Hundred Fifty Thousand Dollars (\$150,000.00) in bonds or notes and authorize the Selectmen to apply the Forty-Eight Thousand Dollars (\$48,000.00) Federal Aid and any other Federal Aid as may be available and any donations received for said project to the cost of the construction prior to the acquisition of any bond or note. To authorize the Selectmen to issue and negotiate such bonds and notes to determine the rate of interest thereon, to take such other action as may be necessary

to secure the issuance, negotiation, sale and delivery of such bonds and notes as shall be in the best interest of the Town of Londonderry and pass any vote relating thereto.

11. To see if the Town will vote to raise and appropriate the sum of Twenty-Two Thousand (\$22,000.00) Dollars for the purpose of equipping a Town Library, such sums to be raised by the issuance of not more than Twenty-Two Thousand (\$22,000.00) Dollars in bonds or notes and authorize the Selectmen to apply for such Federal Aid as may be available, to issue and negotiate such bonds and notes and to determine the rate of interest thereon, to take such other action as may be necessary to secure the issuance, negotiation, sale and delivery of such bonds and notes as shall be in the best interest of the Town of Londonderry and pass any vote relating thereto.

12. To see if the Town will vote to have the moderator appoint a Library Building Committee of three to work with the Library Trustees until completion of the Library Building.

13. To see if the Town will vote to raise and appropriate the sum of Seven Thousand Six Hundred Fifty (\$7,650.00) Dollars for the purpose of hiring a full time Building Inspector and Health Officer.

14. To see if the Town will vote to accept the following Incentive Pay Plan:

a. There is hereby established an incentive pay program in accordance with the provisions hereof, offering financial compensation to members of the police department for furthering their education in the field of police work.

b. Eligibility — Any full time member of the police department shall be eligible for the plan established in accordance with this act, provided he acquired a minimum "C" average and accumulates the requisite number of credits under the schedule set forth in section c.

c. Incentive steps — For each five (5) semester hour credits one dollar (\$1.00) per week above the usual base pay of the officer's grade. Credits must be obtained in a recognized university, college, technical institute, or other institute of learning approved by the New England Association of Colleges and Secondary Schools. Only those credits obtained within a recognized police science or law enforcement degree program will be accepted.

d. Method of payment — on or before January 1, of each calendar year, each member of the Department may present to the Chief of Police a resume of his studies and accreditation which pertain to the incentive program. Computation of the amounts of payment shall be made and entered into the budgetary account of the police department and upon approval of the Selectmen, shall be disbursed to the officer in his weekly wages.

e. This plan will take effect as of January 1st, 1973 for credits earned after January 1st, 1972.

15. To see if the Town will vote to raise and appropriate the sum of Thirty Thousand Dollars (\$30,000.00) for the purpose of establishing and manning a Communication Center. Any federal funds available will be applied to the Communication Center project.

16. To see if the Town will authorize and empower the Selectmen to negotiate and form a binding lease relative to the use of the Old Town Hall with the Londonderry Lions Club.

17. To see if the Town will vote to adopt the following petition:

WHEREAS: The Londonderry United Methodist Church has been a "MEETING HOUSE" in Londonderry for almost a century.

WHEREAS: A Church building was moved onto the adjacent property and became known as THE LONDONDERRY TOWN HALL.

WHEREAS: This building is not being used as a town hall.

WHEREAS: Londonderry is a fast-growing community, and the town hall facilities would be of value to the United Methodist Church in an extended outreach to the youth and the adults of the community.

THEREFORE: The Londonderry United Methodist Church requests:

1. That the voters of Londonderry, New Hampshire hereby authorize the selectmen to sell and convey to the Londonderry United Methodist Church the land and buildings adjacent to said Church and known as the Old Londonderry Town Hall.

2. That the purchase price shall be determined by the Selectmen of Londonderry.

3. That this property be maintained, operated and kept in similar condition as any other Church property.

4. That the said Londonderry Town Hall be available for the use by the people of the community as any other Church building.

As petition of Irving S. Jones, et. al.

18. To see if the Town will vote to become a member of the Southern New Hampshire Planning Commission. The Commission has a membership of five (5) of the municipalities in the Metropolitan area. The objective of the Commission is to plan for and encourage regional planning analysis, provide consensus on major problems of regional concern, and to assist in the effectuation of projects which extend beyond the boundaries of a particular town. The agency will have no jurisdiction over any matter of local affairs. It will be purely advisory. Two members of the regional planning agency shall be from Londonderry to be appointed by the Selectmen. A YES vote is in favor of joining the regional planning agency.

19. To see if the Town will vote to appropriate the sum of \$.35 per capita (a total of \$1,871.10) as dues to become a member of the Southern New Hampshire Planning Commission for the year ending June 30, 1973.

20. To see if the Town will vote to discontinue that portion of road leading from the southeast side of Kimball Road, in the vicinity of the old No. 6 School House, then in a southeasterly direction to its intersection with the west side of High Range Road. Thence continuing in the same direction from the east side of High Range Road to its junction with the north side of Alexander Road.

21. To see if the Town will vote to accept the description of Harvey Road and Grenier Field Road as originally proposed in Article No. 7 of the 1960 Town Warrant and delete the amendment made by Mr. W. P. Mack and seconded by Mr. D. F. Hicks, pertaining to High Range Road.

22. To see whether the Town of Londonderry will amend the zoning ordinance Chapter 1, Section 11, Districts A by adding to the list of Districts (7) Wetlands Conservation District and reference to the Wetland Conservation District overlay dated January 13, 1972 together with all amendment and explanatory matter thereon which is hereby declared to

be part of the Ordinance. So that the Section will read A. For the purpose of this ordinance the Town of Londonderry is divided into districts as shown on the "Zoning Map" filed with the Town Clerk and dated November 1956 and as amended February 1963, March 1964, March 1966, March 1969, and March 1971 to include the following districts: (1) Residential Districts, (2) Agricultural Districts, (3) Civic Districts, (4) Industrial Districts, (5) Commercial Districts, (6) Conservation Districts, and (7) Wetlands Conservation District Overlay together with all amendment and explanatory matter thereon which is hereby declared to be part of the Ordinance. Combinations of these Districts may be allowed as recommended by the Planning Board and accepted by any legal Town Meeting.

By addition to Chapter 1 a new Section VIII-A to be entitled 'Wetland Conservation District' which shall read as follows:

## Section VIII-A

### Wetland Conservation District

A. The Wetland Conservation District is hereby determined to be those areas delineated as poorly drained or very poorly drained soils identified in the Soil Survey, Rockingham County, New Hampshire, issued August 1959 and revised for this ordinance by the USDA, Soil Conservation Service. The Wetland Conservation District as herein defined is shown on a map or maps designated as the Town of Londonderry Wetland Conservation District Map and is a supplement to the 'Zoning Map' of the Town of Londonderry, New Hampshire. For a detailed explanation of Soil Types, see Rockingham County, New Hampshire, Published Soil Survey on file with the Planning Board.

In the event an area is incorrectly designated as being poorly drained or very poorly drained soils on said maps and evidence to that effect is presented (evidence may be obtained by the digging of test pits or the revision of soil survey maps or other appropriate means) the restrictions contained in this section shall not apply.

B. Purpose. In the interest of public health, convenience, safety and welfare, the regulations of this District are intended to guide the use of areas of land with extended periods of high water tables:

1. To prevent the development of structures and land uses on naturally occurring wetlands which will contribute to pollution of surface and ground water by sewage.

2. To prevent the destruction of natural wetlands which provide flood protection.

3. To prevent unnecessary or excessive expenses to the Town to provide and maintain essential service and utilities which arise because of misuse of wetlands.

4. To encourage those uses that can be appropriately and safely located in wetland areas.

C. Permitted Uses. Any use that does not result in the erection of any structure or alter the surface configuration by the addition of fill and that is otherwise permitted by the zoning ordinance.

1. Forestry — tree farming
2. Agriculture
3. Water impoundments and well supplies
4. Drainage Ways — streams, creeks, or other paths of normal runoff water
5. Wildlife refuge
6. Parks and playgrounds

7. Nature trails and riding areas
8. Open space as required by subdivision regulations
9. Streets, roads, and other access ways if essential to the productive use of land not so zoned
10. Utility rights of way easements including power lines and pipe lines
11. Airlanes designated by regulations

D. Special Exceptions. Special exceptions for the undertaking of a use not otherwise permitted in the Wetland Conservation District, which may include the erection of a structure, dredging, filling, draining, or otherwise altering the surface configuration of the land may be granted by the Board of Adjustment, if essential to the productive use of land not so zoned and if it can be shown that the proposal will not conflict with the purpose and intentions of Section B.

23. To see if the Town will vote to adopt the following Building Code as authorized under Sections 2-5 inclusive, Chapter 156, New Hampshire Revised Statutes Annotated, 1955, as amended by Chapter 205 and 215, Laws of New Hampshire, 1959. **The BOCA (Building Officials Conference of America) Basic Building Code/1970.**

24. To see if the Town will vote to amend the Zoning Ordinance of the Town of Londonderry, as heretofore amended by deleting the Sign Ordinance in its entirety and substituting the following: Chapter 1 — Section XIX SIGNS

#### 1. DEFINITIONS

In this Section the following terms shall have the following respective meanings:

A. Sign: A sign shall include any lettering, word, numeral, emblem, design, devise, trademark, drawing, picture, flag, pennant, streamer, or other object of whatever material or method of construction and however displayed whether being a structure or any part thereof, a building or other structure or object and used to indicate, announce, direct, attract, advertise or promote.

B. Accessory Sign: Any sign, which with respect to the premises on which it is located, indicates, calls attention to or advertises either the person occupying the premises on which it is located, or the business or activity being conducted on such premises, or which advertises the sale, rental or lease of the premises or any part thereof, and which contains no other advertising of any kind.

C. Non-Accessory Sign: Any sign other than an accessory sign as herein defined.

D. Building Sign: Any outdoor sign affixed to or painted on or in any manner supported by or forming a part of the exterior of a building and any sign visible through a window of a building.

E. Ground Sign: Any sign other than a building sign as herein defined.

2. ACCESSORY SIGNS — The following requirements are applicable to all accessory signs.

A. Accessory signs are permitted without specific approval when such signs are installed and maintained in compliance with Para. 2B to 2I inclusive.

B. Maximum surface area applicable to signs facing Town roads shall be sixteen (16) square feet and for State roads thirty-two (32) square feet.

B-1 When a sign composed of separate letters is affixed to the wall of a building, the area shall be deemed to be the area of a rectangle enclosing and touching the extreme limits of the sign including any structural parts thereof.

B-2 Building signs affixed to, suspended from or incorporated as a part of a building and positioned parallel to the wall of the building shall not exceed ten (10) percent of the area of that wall.

C. Maximum height above the average grade of the lot on which the sign is erected shall be twenty (20) feet. Height includes the sign and its appurtenant structure.

D. No sign shall be erected at or near the intersection of any streets or of a street and driveway in such manner as to obstruct free and clear vision, or erected at any location where by reason of the position, shape, color, illumination or wording, the sign may interfere with, obstruct the view of, or be confused with any authorized traffic sign, signal or devise or otherwise constitute a hazard to pedestrian or vehicular traffic because of intensity or direction of illumination.

E. Flashing, moving or animated signs or signs designed to attract attention by a change in light intensity or by repeated motion are prohibited.

F. No sign shall be affixed to or form a part of any cupola, tower, spire, chimney, enclosure or other object or structure located on or above the roof of any building.

G. Signs must be durably constructed, solidly erected and maintained to insure safety and attractiveness.

H. Where applicable the requirement of the Town Ordinance, re, Building Code is included in this ordinance.

I. Except as herein specifically stated the requirements of this ordinance are equally applicable to both building and ground signs and to all zoning districts.

3. NON-ACCESSORY SIGNS — The following requirements are applicable to all non-accessory signs:

A. Non-accessory signs are prohibited except as permitted by the Board of Adjustment.

B. The Board of Adjustment, with the advice of the Planning Board and approval of the Board of Selectmen may permit the erection, display and maintenance of a non-accessory sign when it determines that the nature and use of the premises is such that a sign should be permitted in the public interest.

C. In granting such permission, all requirements for accessory signs are applicable and the Board of Adjustment shall impose such other terms and restrictions as it may deem to be in the public interest.

#### 4. EXEMPTED SIGNS

The provisions of this section shall not apply to the following signs:

A. Any sign which is required or authorized by any law, rule, regulation or permit of the federal or state governments or any agency thereof or any public authority created thereby.

B. Any sign erected or placed on any Town premises under the provisions of any Town Ordinance or Building Code or by direction or order of the Town Board or Committee having lawful jurisdiction over such premises.

C. Non-conforming signs as defined in section 5 of this ordinance.

D. Any sign not exceeding 4 square feet in area, limited solely

to directing traffic within a parking area or indicating parking restrictions in the use of such parking area.

E. Any sign, not exceeding one square foot in area, marking or identifying privately owned land.

F. Customary signs on gasoline pumps indicating in usual size and form the name and type of gasoline and the price thereof.

G. Holiday decorations and lights when in season.

## 5. NON-CONFORMING SIGNS

A. Any non-accessory sign legally erected prior to the adoption of this by-law may continue to be maintained for a period of not longer than five years after the effective date of this by-law. Any other non-conforming sign legally erected prior to the adoption of this by-law may continue to be maintained, provided, however, that no such sign shall be enlarged, redesigned or altered except in accordance with the provisions of this by-law and provided further that any such sign which has been destroyed or damaged to such an extent that the cost of restoration would exceed thirty-five percent of the replacement value of the sign at the time of the destruction or damage, shall not be repaired or rebuilt or altered except in accordance with the provisions of this by-law.

B. The exemption herein granted shall terminate with respect to any sign which (1) shall have been abandoned; (2) advertises or calls attention to any products, businesses or activities which are no longer carried on or sold for at least sixty (60) days; or (3) shall not have been repaired or properly maintained within sixty (60) days after notice to that effect has been given by the Building Inspector.

## 6. TEMPORARY SIGNS

In particular instances the Board of Selectmen may grant special permits for the erection and display of temporary signs subject to the following conditions:

A. To any charitable, religious, scientific, literary, educational, fraternal, civic or other similar non-profit organization or association, a temporary sign advertising any function or activity of the applicant which will be open to the public, provided that the permit for such sign shall be for a stated period of time not exceeding 30 days.

B. Applications for temporary signs shall be in such form as the Selectmen shall determine and shall contain a description of the sign, including the size, height, material, color, wording and supporting structure, and the proposed location and inclusive dates of display. In granting any such permit the Selectmen shall specify the inclusive dates of the effective term thereof and may impose such further restrictions and conditions as they may deem to be in the public interest.

## 7. PERTINENCE TO OTHER LAWS

A. All signs shall be subject to any and all other applicable Ordinances and regulations of the Town of Londonderry and the State of New Hampshire.

B. In the case of redundant provisions, the requirement which imposes the greater restriction or higher standard shall govern.

25. To see if the Town will vote to adopt the following amendment to the Zoning Ordinance as Chapter 1 Section 111 Par. B-C, as submitted to the Londonderry Planing Board by petition of John J. Falvey, et al., on January 10, 1972 in accordance with the provisions of R.S.A. 31:63-b.

B. Minimum Land Area. No residential lot shall be less than (2) two acres. A residence may be constructed on a single lot of record at the time this amendment becomes effective regardless of the area width of

the lot. If two or more lots or combinations of lots and portions of lots with continuous frontage in single ownership are of record at the time of passage of this amendment, and if all or part of the lots do not meet the requirements for lot width and area as established by the amendment the lands involved shall be considered to be an undivided parcel for the purpose of this amendment and no portion of said parcel shall be used or sold which does not meet lot width and area requirements established by this amendment, nor shall a division of the parcel be made which leaves remaining any lot width or area below the requirements stated in this amendment.

C. Frontage. Every building lot shall have a minimum lot frontage of 175 (one hundred seventy five) feet.

26. To see if the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Londonderry Planning Board by petition of John E. Webster, Jr., et al., on January 13, 1972, in accordance with the provisions of R.S.A. 31:63-b.

That the zoning ordinance of the Town of Londonderry be amended to change the following described premises on the zoning map from the designation of "Agricultural District" to the designation "Industrial District": A certain parcel of land located in Londonderry, County of Rockingham, State of New Hampshire, and being specifically bounded and described as follows: Beginning at a point on the easterly side of Skim Milk Road, also known as Harvey Road, at land now or formerly of one Flanders and at the Southwest corner of the within conveyed premises at a stake; thence running Easterly by said Flanders land twenty (20) rods to the end of a stone wall; thence Northerly still by land of said Flanders six (6) rods to a corner in wall; thence Easterly, still by said Flanders land, one hundred five (105) rods to a meadow brook; thence Southeasterly by said brook twenty (20) rods to the Southeast corner of said Flanders land; thence Easterly ten (10) rods to land of Annis Grain and Lumber Company; thence Northerly by said Annis Grain and Lumber land seventy (70) rods, crossing the Boston & Maine Railroad, to land formerly of C. W. Harvey; thence Westerly by said Harvey land and said Railroad, forty (40) rods to the South end of a dam, known as the Upper Dam; thence Southerly crossing said Railroad, thirty (30) rods by land now or formerly of Larkin; thence Westerly by said Larkin land one hundred (100) rods to said Harvey Road; thence Southerly by the Easterly side of said Harvey Road, thirty-seven (37) rods to the point of beginning, all distances being more or less.

Reserving, however, all rights and easements of the following: (1) Railroad rights over the Northeasterly portion of the conveyed premises; (2) rights of the Public Utility Company over the Northeasterly portion of the premises near the Railroad: (3) flowage rights of the New Hampshire Fish and Game Department over the Easterly portion of said premises.

Excepting and reserving a tract which was conveyed to Petro Patistas by Patrick Innis by deed dated January 29, 1963, recorded in the Rockingham County Registry of Deeds, Volume 1660, Page 210, and which is described as follows:

"Beginning at a point on the Easterly side of Harvey Road at an iron pin at the Southwest corner of the premises; thence Northerly along the Easterly line of Harvey Road, one hundred and sixty-five one hundredths (100.65) feet to an iron pin; thence Easterly along other land of the grantor approximately at right angles with the last described line; three hundred twenty-seven and ninety-one hundredths (327.90) feet to an oak hub; thence Southerly along a stone wall, eighty and fifty-two one-

hundredths (80.52) feet to an oak stake; thence Southwesterly along land now or formerly of Flanders, three hundred thirty-two and ninety-one hundredths (332.90) feet to an iron pin on Harvey Road and the point of beginning."

Also excepting and reserving another tract which was conveyed by Eight Thirty-Nine Elm Street, Inc., to Granite State Development Co., Inc., by deed dated October 16, 1964, recorded in said Registry of Deeds, Volume 1741, Page 1, said excepted parcel being described as follows:

Commencing at a hub on the Northerly line of an unnamed road, said hub being four hundred sixty-three (463) feet Easterly from the intersection of the Northerly line of said unnamed road and the Easterly line of Harvey Road; thence Easterly by the Northerly line of said unnamed road, one hundred fifty-four (154) feet to an oak hub; thence Northeasterly on a course at a right angle to the last course two hundred seventy-three (273) feet to an oak stake set on the Southerly side of a stone wall; thence Westerly by said stone wall one hundred fifty-five and forty-four one-hundredths (155.44) feet to an oak stake; thence Southerly on a straight course two hundred ninety-four (294) feet to the point of beginning.

And further excepting and reserving another tract or parcel of land which is more particularly described as follows:

Beginning at a hub at the intersection of the Easterly line of Harvey Road and a stone wall, which point is the Northerly corner of Eight Thirty-Nine Elm Street, Inc., premises; thence proceeding along said stone wall in a direction which is South 61°03' East for a distance of two hundred thirty-nine (239) feet to a hub; thence proceeding South 21°08' West along other land of Eight Thirty-Nine Elm Street, Inc., for a distance of three hundred twenty-five (325) feet to a hub; thence proceeding North 68°52' West along other land of Eight Thirty-Nine Elm Street, Inc., for a distance of two hundred fifty-eight (258) feet to the Easterly line of Harvey Road; thence proceeding along the Easterly line of Harvey Road for a distance of three hundred fifty-eight (358) feet to the point of beginning. The aforesaid parcel contains approximately two (2) acres.

Further excepting all interests in land taken by the City of Manchester (Manchester Airport Authority), et al.

Said premises are the property of the Peterborough Savings Bank, Peterborough, County of Hillsboro and State of New Hampshire.

Also Two certain tracts of land, with the buildings thereon if any situated in Londonderry, County of Rockingham and State of New Hampshire, bounded and described as follows:

## TRACT I

Beginning at the northeasterly corner of the herein described parcel at a point on the southerly right-of-way line of the Manchester-Lawrence Division of the Boston and Maine Railroad, said point being on the boundary line between land, now or formerly of E. G. Chase and land of the United States of America, formerly land of the Fessenden Companies, Inc.; thence southwesterly along the southerly right-of-way line of said Railroad, 2085.55 feet to land, now or formerly, of Lester E. Richardson; thence north 17°45' east by land of said Richardson, 65 feet to the northerly right-of-way line of the Public Service Company of New Hampshire; thence easterly along the northerly right-of-way line of said Public Service Company, 2150 feet to a stone wall at land now or formerly of E. G. Chase; thence north 4°55' west along stone wall by land of said Chase, 337.1 feet to the point of beginning and containing 11.56 acres, more or less.

## TRACT II

A certain parcel of vacant land located on the westerly side of a highway known as Route No. 28 and within the Boston and Maine Railroad right-of-way, situated in the said Town of Londonderry, bounded and described as follows:

Beginning at a point in the intersection of the westerly boundary line of a highway known as Route No. 28 with the southerly boundary line of the Boston and Maine Railroad right-of-way; thence turning and running in a northwesterly direction and deflecting towards the left along the arc of a curve having a radius of  $13'\pm$  to a point tangent with a line located  $6'\pm$  distant in a northeasterly direction from the southerly boundary of the said Boston and Maine Railroad right-of-way and parallel thereto; thence continuing in a northwesterly direction along said line for a distance of  $364'\pm$  to a point of curve; thence continuing in a northwesterly direction along the arc of a curve having a radius of  $120'\pm$  to a point in the intersection of said arc with the southerly boundary line of said Boston and Maine Railroad right-of-way; thence continuing in a northwesterly direction along said southerly boundary line for a distance of  $58'\pm$  to a point on a curve having a radius of  $140'\pm$ ; thence turning and running in a northeasterly direction along the arc of said curve for a distance of  $83'\pm$  to a point in the intersection of said arc with a line located  $26'\pm$  distant in a northeasterly direction from the southerly boundary line of said Boston and Maine Railroad right-of-way and parallel thereto; thence running in a southeasterly direction along said line for a distance of  $338'\pm$  to a point in the intersection of said line with the arc of a curve having a radius of  $6.5'\pm$ ; thence running in a northeasterly direction and deflecting towards the left to a point in the intersection of said arc with the westerly boundary line of a highway known as Route No. 28; thence turning and running in a southeasterly direction along said westerly boundary line for a distance of  $46'\pm$  to the point of place of beginning, containing 0.16 of an acre, more or less.

Together with the perpetual right to enter upon the above described land and to construct, maintain, repair, operate, patrol, replace and/or remove a roadway, to be used in common with said Boston and Maine Railroad, its predecessors, its successors, assigns and business visitors, including all appurtenances thereof together with the right to trim, cut, fell and remove all trees and underbrush and obstructions within the limits of the above described right-of-way and for such distances beyond said limits and adjacent thereto as is necessary to provide adequate clearance and to eliminate interference with or hazards to the structures or utilities placed or constructed on, over, or under said land within the limits of said easement, provided that such use shall not obstruct said Boston and Maine Railroad, its Predecessors, its successors, assigns and business visitors use of its adjoining premises, and further provided that no fences shall be erected on the above described Tract No. 151E. Excepting the right of said Boston and Maine Railroad, its predecessors, its successors, assigns and business visitors to use said premises in common with the Grantee herein and providing the use of said premises by the Grantee shall not obstruct said Boston and Maine Railroad, its predecessors, its successors, assigns and business visitors use of its adjoining premises, and further providing that no fences shall be erected on the said described Tract No. 151E.

Being Parcel 4-Coal Storage Area (Tract No. 150 and Tract 151E) as described in the deed from United States of America to Londonderry Housing and Redevelopment Authority dated September 19, 1968 and duly recorded in the Rockingham County Registry of Deeds, Volume 1936,

page 257 and further recorded in the Hillsborough County Registry of Deeds, Volume 2002, page 147; (See also confirmatory deed dated January 29, 1969, and duly recorded in the Rockingham County Registry of Deeds, Volume 1951, page 001) and this deed is given subject to the conditions, restrictions and provisions reserved and excepted by the United States of America as contained in the foregoing deed as they may affect or be applicable to the within conveyed premises.

Said premises are owned by Webco Development Corporation, a New Hampshire corporation with a principal place of business in Londonderry, County of Rockingham, and State of New Hampshire.

27. To take the sense of the qualified voters whether the amendments of the Constitution proposed by the 1971 session of the General Court shall be approved. Are you in favor of amending the Constitution to allow eighteen year olds to vote and to provide that no person under twenty-one years of age may hold elective office.

28. To Transact any other business that may legally come before this meeting.

Given under our hands and seal, this twenty-first day of February, in the year of our Lord nineteen hundred and seventy-two.

FOREST N. KIMBALL  
NORMAN RUSSELL  
ROBERT H. DAY  
Selectmen of Londonderry, N. H.

Voted by ballot.

Yes—163 No—506

Article 35. Are you in favor of the adoption of amendment number 35, as proposed by petition of the voters of the Town of Londonderry, which would revise the Sign Ordinance by adding Paragraphs 9, 10 and 11 to provide that, among other requirements, no sign may be constructed, painted, or made without the prior approval of both the Building Inspector and the Conservation Commission? Note — The Planning Board disapproves amendment 35.

Voted by ballot.

Yes—244 No—454

Town Meeting, Londonderry, N. H. March 9, 1971

Pertaining to action on Article 22 - 35 inclusive.

Landowner petition submitted by Wallace Kimball, Osvaldo Verani, et al is valid, meeting the requirements of such petition as set down in N. H. R.S.A. 31:64. Accordingly, Article 22 is declared to have received an affirmative vote and is accepted, articles 23 - 35 inclusive received a negative vote and are defeated.

Respectfully submitted,

ANDREW C. MACK

Moderator

Action taken on March 26, 1971 — Andrew C. Mack.

**LONDONDERRY ANNUAL TOWN MEETING  
MINUTES ON ARTICLES ACTED UPON**

**March 12, 1971**

Londonderry Central School Auditorium, Londonderry,  
New Hampshire.

ANDREW C. MACK, Moderator  
JAMES L. WRAY, Assistant Moderator  
FOREST N. KIMBALL, Selectman  
NORMAN RUSSELL, Selectman  
ROBERT H. DAY, Selectman  
MRS. ALICE M. TAYLOR, Town Clerk  
RONALD J. HAYWARD, Stenotype Reporter

**PROCEEDINGS**

Mr. Mack opened the meeting at 7:00 p. m.

Invocation given by Rev. Jones.

Mr. Kimball requested that an item be brought up under Article 36. To see if the town will authorize the selectmen to appoint a five man committee to make a study of the possibility of the town having a celebration for the incorporation of the Town of Londonderry in the summer of 1972. Moved by Mr. Kimball for adoption and seconded by Mr. Day. After discussion, voted affirmative.

Mr. Mack discussed the fact of having the town meeting split into two nights for the first time. After discussion, a show of hands was asked by the Moderator to see if the townspeople agreed with this. An affirmative show of hands was given.

Article No. 2 To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same. Mr. Kimball moved to accept article in the amount of \$1,233,582.93 as shown on page 14 of the Town Report marked total appropriations, seconded by Mr. Russell. Mr. Mack then read the entire budget aloud. A check was then made of

the items therein questioned by the people. In the items that were questioned, Mr. Thibeault moved to table the appropriation of \$5,000 for Reappraisal of Property, seconded by Mr. Houser. A 2/3 vote was requested by Mr. Mack. The necessary 2/3 vote was not received and the motion was defeated. It was then adopted as printed in the budget. On the appropriation for the police department, Mr. Ball moved to amend the amount to read \$62,785.60 instead of \$59,921, seconded by Mr. Boucher. After discussion, voted affirmative.

On the appropriation for the Highways & Bridges under Town Maintenance—Winter, Mr. Richard Moore moved to amend the item for plowing LHRA roads to read \$2,500 instead of \$1,500, seconded by Mr. Brewer. After discussion, voted affirmative. Mr. Moore then moved to amend the item for salt to read \$12,000 instead of \$9,000, seconded by Mrs. Russell. After discussion, voted affirmative. Mr. Moore then moved to amend the item for application of salt to read \$6,500 instead of \$4,000, seconded by Mr. Webster. After discussion, voted affirmative. The figure for Town Maintenance—Winter as amended then became \$48,000.

Mr. Lawrence moved to amend county tax item to \$1.00, seconded by Mr. DeCato. Negative vote.

Mr. Lievens then moved to amend the total appropriations figure to read \$1,550,732.65, seconded by Mr. Hicks. After discussion, voted affirmative.

Article No. 3 To see what rate of discount the town will allow on taxes for the ensuing year. Mr. Lievens moved to permit 1% discount of taxes on the rate of 1/3 of one percent per month for the three months prior to December 1, and that the tax collector be permitted to receive payment of taxes in advance so, if necessary, taxes could be paid subject to the final bill being sent out. Seconded by Mr. Houser. After discussion, voted affirmative.

Article No. 4 To see if the town will authorize the Selectmen to borrow money in anticipation of taxes.

Moved by Mr. Webber to accept, seconded by Mr. Brewer. After discussion, voted affirmative.

Article No. 5 To see if the Town will authorize the Selectmen to sell at public auction, property acquired by the town through the Tax Collector's Deeds. Moved by Mr. Van Grevenhof, seconded by Mr. Lloyd. After discussion, voted affirmative.

Article No. 6 To see if the Town will vote to accept State aid for the construction of Class V roads and to raise and set aside for said purpose the sum of \$1,900.22 and the State to contribute the sum of \$12,668.12. This article was previously acted upon.

Article No. 7 To see if the Town will vote to authorize the Selectmen to purchase a fire truck that meets with underwriters' approval and to negotiate a five-year loan, in the amount of \$30,000 to finance this appropriation. By petition of Homer L. Brewer, et al. Moved by Mr. Brewer to accept, seconded by Mr. David Hicks. Mr. Mack explained that a 2/3 vote would be necessary on this article. After discussion, voted affirmative.

Article No. 8 To see if the Town will vote to raise and appropriate a sum not to exceed \$500 for the purpose of surveying and purchasing 8 acres of Lot 6, Map 6, shown on the Londonderry Tax Map from the Londonderry Housing Authority. \$1.00 to be paid to the Londonderry Housing Authority for the 8 acres of land, providing the banks and I.D.A. will release it, and the remainder to be for the survey work. Mr. Brewer moved to accept, seconded by Mr. Button. After discussion, voted affirmative.

Article No. 9 To see if the Town will vote to raise and appropriate the sum of \$27,000 for the purpose of erecting a town garage and to authorize the Selectmen to negotiate a loan to be set up for a period of 5 years. Mr. Shepard moved to accept, seconded by Mr. Brewer. After discussion, a standing vote was taken and it was voted in the affirmative. (156 yes — 68 no.)

Article No. 10 To see if the Town will accept federal aid, as available, for the construction of a new town library, and to raise and set aside for said purpose the sum of \$54,000, and the federal government to contribute, as available, the sum of \$36,500 and see if the town will vote to authorize and empower the Selectmen to negotiate a 10 year loan in the amount of \$54,500 for said purpose. Mrs. Landry moved to accept, seconded from the floor. After discussion, article defeated. Following the defeat of the article, Mr. Hicks moved to create a study committee to work on library plans and site plans for the site across the road which would include other buildings, and appropriate the sum of \$1,000 which might be used to secure plans for architect. Seconded by Mrs. Nesmith. After discussion, voted affirmative.

Article No. 11 To see if the Town will vote to appropriate a sum not to exceed \$82,000 for land acquisition, final engineering work, and preparation of construction plans and specifications for Phase One construction of the North Londonderry Water System as outlined in the February, 1971, "Report of Study of Water Supply and Distribution Facilities" and determine whether any such appropriation would be raised by borrowing according to the Municipal Finance Act, and in the event that said money is to be raised by borrowing, to authorize the Selectmen to negotiate the terms and conditions of the notes or bonds to be issued and to do any other act necessary to carry out the intent of this article. Mr. Merrill moved to table this item until the next regularly scheduled Town Meeting which would be in March, 1972, or any duly authorized Special Town Meeting called for the purpose of this subject. Seconded by Mr. Brewer. After discussion, voted affirmative.

Article No. 12 To see if the Town will vote to raise and appropriate a sum not to exceed \$8,000 for the purpose of securing ambulance service from the Derry Fire

Commission. Mr. Brewer moved to accept, seconded by Mr. Chase. After discussion, voted affirmative.

Article No. 13 To see if the Town will vote to raise and appropriate a sum not to exceed \$1,000 for the purpose of conducting a survey on the future of Grenier Field in conjunction with the City of Manchester and the State of New Hampshire. Mr. Hicks moved to accept, seconded by Mr. Begin. After discussion, voted affirmative.

Article No. 14 To see if the Town will vote to raise the sum of \$1,000 to be used by the Londonderry Athletic Field Association to complete the ball field for the youth of Londonderry. By petition of Joseph Rioux, Jr., et. al. Mr. Rioux moved to accept, seconded by Mr. Ball. After discussion, voted affirmative.

Article No. 15 To see if the Town will vote to raise and appropriate the sum of \$1,500 for the Conservation Commission. Mr. David Hicks moved to accept, seconded by Mr. Button. After discussion, voted affirmative.

Article No. 16 To see if the Town will vote to establish a Recreation and Park Commission in accordance with New Hampshire Statutes annotated Chapter 31, Sections 44 - 50A, the members of which shall be appointed by the selectmen, and shall consist of five members, who must be citizens and residents of the Town of Londonderry. This commission to be responsible for the development and supervision of a comprehensive recreational program for the Town of Londonderry. Mr. Lincoln moved to accept, seconded by Mr. Fowler. After discussion, voted affirmative.

Article No. 17 To see if the Town will vote to raise and appropriate the sum of \$2,500 to be used by the Recreation and Park Commission for the establishment of the first year's program. Mr. Lincoln moved to accept, seconded by Mr. Fowler. After discussion, voted affirmative.

Article No. 18 To see if the Town will vote to accept the following Trust Funds: George & Alberta Charland, \$100; Robert & Irene Cook, \$100; Oswald & Bertha M. Sorensen, \$100; Mrs. William Young, \$100; Wayne A. Hill, \$100; William Phillips, \$100; Helen B. Manning, \$100; John P. Watts, \$100. Mr. Daniel Hicks moved to accept, seconded by Mr. Shepard. After discussion, voted affirmative.

Article No. 19 To see if the Town will vote to authorize the Board of Selectmen to appoint a committee of five to investigate whether the needs of the town warrant a change in its present form of government and report to the Town Meeting in 1972 any recommendations in this regard for consideration and possible adoption. Mr. Daniel Hicks moved to accept, seconded by Mr. Mack. After discussion, voted affirmative.

Article No. 20 To see if the Town will vote to direct the Selectmen to deed to the Londonderry School District Lot No. 44, Lot No. 45, Lot No. 46 and Lot No. 47 as shown on Map 9, Londonderry Tax Map. Mr. Wray moved to table this item, seconded by Mr. Boucher. After discussion, voted affirmative.

Article No. 21 To see if the Town will vote to adopt the following resolution: (resolution read by Mr. Mack) Mr. Daniel Hicks moved to accept, seconded by Mr. DeCato. Mr. Russell moved to amend the resolution where it has (AGENCY OR OFFICIAL) to have the words "Conservation Commission" substituted in place of "Agency or Official. Seconded by Mr. Kimball. After discussion, voted affirmative. Then after discussion, Article No. 21, as amended, was voted affirmative.

Article No. 36 To Transact any other business that may legally come before this meeting. Mr. Boucher explained the county budget to the townspeople and made comments about it. A question was then raised as to

whether a committee was voted on for Article No. 10 and Mr. Hick's amendment thereto. Mr. Hicks moved that the committee should consist of the planning board, the board of selectmen and the Library trustee. Seconded by Mr. DeCato. After discussion, voted affirmative.

A motion to adjourn was made by Mr. Wray and seconded by Mr. Brewer. Voted affirmative. (Whereupon, the meeting was closed at twelve midnight.)

## TOWN CLERK'S REPORT

Increases in all areas are reflected in the report of the Town Clerk. Automobile registrations rose approximately 14% in 1971 while title applications rose 40%. The necessity for obtaining a title of ownership has greatly increased the burden of both the vehicle owner and town clerk. Numerous forms have to be filled out properly before a vehicle can be registered. This law was passed to reduce the traffic in stolen vehicles and has been rather confusing to many. Each year many new changes are instituted making it difficult for all concerned to be adequately informed on procedure. The goal of the Motor Vehicle Department is toward computerization of all information and a probable change to five year registration plates. These would be renewed each year but the owner would keep the same plate. Your patience and understanding is greatly appreciated as we make the necessary adjustments.

## ROAD AGENT'S REPORT

---

During 1971, the Highway Department has been very busy. Much progress has been made in bringing some of our roads up to better standards. During the year, we have sealed one half of our tar roads. New construction money was used on Mohawk Drive and portions of Harvey Road, Kimball Road, Mill Road and Kendall Pond Road.

The new highway garage, which is located on High Range Road, was built by the local contractor Remi Fortin, low bidder for the contract. This 40 x 80 building was voted upon in 1971 at Town Meeting and completed in the early part of the winter. It serves as a storage and repair garage for all town equipment. There is a 6600 gallon tank which stores fuel for the garage and fuel used in the grader. We, associated with the Highway Department, are very pleased with the garage and the way it is working for us. We are also very grateful to the Londonderry Housing and Redevelopment Authority for selling us the 8 acre parcel of land for just \$1.00.

The Londonderry Housing and Redevelopment Authority also lets us use a building at Grenier Field to store salt, which they have done at no cost to the town since they purchased it from the government. Their cooperation has done much to save the town money.

This coming year, we are hoping to get much more work done on existing gravel roads, drainage and widening of the roads with monies received from the state through reimbursement from the gas tax, which is a new income for the town.

We expect to be maintaining approximately 7 more miles of new roads in the future year. These roads are completely built by the developers to town specifications and at the cost of the developer. When the roads are

built to acceptance, they are then deeded to the town and thus maintained by us.

Much progress has been made in the study of the Communications Center. This system would connect the highway department with all other departments and in case of an emergency or bad storm, we would always be in contact with all other departments. We are all hoping this will become a reality after town meeting.

Respectfully submitted,

RICHARD S. MOORE

Road Agent

## LONDONDERRY POLICE DEPARTMENT

---

The rapid growth of the town continues to affect all areas of local law enforcement. Our attempts to improve service and answer complaints satisfactorily strains our resources severely. A forty-two percent increase in complaints and requests for assistance was noted this year compared to just last year. While every effort is made to give prompt attention to complaints, problems arise. We have found that if we emphasize traffic control in response to speeding complaints, we note an increase in burglaries. When we concentrate on the prevention of burglaries, we receive more complaints on speeding cars. As noted on our activity list, we are quite pleased that the number of accidents has remained fairly constant. Vehicle registrations have increased forty-two per cent over this period and we are sure that traffic has also. With the exception of a few trouble spots, such as the area of Exit 4 on Route 102, our overall safety is excellent.

A plague of house burglaries descended on the southern New Hampshire area in the last two months of 1971, resulting in fourteen breaks in Londonderry during that period. A change in patrol tactics was instituted and two Massachusetts men were apprehended. We hope that we will be able to offer intrusion alarm service in the near future to businesses and homes. Such a system would greatly increase the security of the properties, the effectiveness of our patrols and eventually save the taxpayers money by limiting the amount of officers needed to give adequate protection.

We are requesting the addition of one man in our budget this year. He will serve a dual role. Initially, he will be trained as a regular police officer to fill the gap now caused by vacations and compensatory time given the officers. This need is immediate. Less urgent but, we feel of increasing importance, will be his role as a juven-

ile assistance officer. He will receive specialized training in this field. As the town grows so does the number of complaints and requests for assistance relating to young people. "Problem children soon become problem adults," could well be the summation for our observations over the last decade. Having earned a degree of respect from the young people, we have successfully assisted many with assorted problems, particularly within the family. Accomplishments of this nature are very satisfying. The large and rapid increase in our population and the beginning of a local high school indicate a greater need in this area if we are to avoid some of the problems of other communities. The well trained officer has much to offer the community. With the cooperation of school officials, early discovery of youngsters with emotional problems is possible. Proper investigation and rehabilitation can do much to restore the child to his proper place in the community, and lessen the degree of disturbance to others. To those who do not respond, he will be in position to refer the youngster to specialized assistance. As a last resort he can use the process of law to protect the delinquent from his own actions or to insure proper cooperation from neglectful parents.

Other major increases in the budget include the need for two cruisers to replace the present vehicles. As of January 31, 1972, one cruiser has over one hundred thousand miles and the second has over sixty thousand. It is quite evident that neither will last the remainder of the year. We hope to use one as a spare unmarked vehicle for use of the juvenile division and other special services that do not require the performance and safety characteristics of a regular patrol cruiser.

We have submitted to the Selectmen, for insertion into the warrant, a "Pay Incentive Plan." This is a rather inexpensive means of providing incentive for the officer to improve his abilities through furthering his education. Because of the complexities of today's law enforcement, it is vital to the well being of the town that the police officers continually increase their total

proficiency. This can only be accomplished by a continuing educational program at the college level. Attendance at these classes is during the officer's own time and as it cannot be compulsory, some means of incentive is needed to reward the men willing to spend this extra time to improve their capabilities. The small cost to the town will be more than offset by the greater ability of the officer's service.

# LONDONDERRY POLICE DEPARTMENT

## DOG OFFICERS REPORT FOR 1971

The number of dogs licensed in 1971 showed an increase of 45 dogs over 1970. Approximately 600 calls on dog complaints were received in comparison to 450 complaints in 1970. The dog officer had to dispose of over 95 unlicensed or unclaimed dogs during the year and 16 cats.

Total dogs licensed — 1970 — 653

Total dogs licensed — 1971 — 698

Total number of complaints — approximately 600

Total money taken in from dog licenses — 1971 —  
\$1,823.50

## BUDGET

	1971 Budget	Actual Expense	1972 Recommended
Care/Housing	\$ 416.00	\$ 416.00	\$ 520.00
Food & Supplies	300.00	311.68	600.00
Mileage & Labor	780.00	746.50	580.00
	<hr/>	<hr/>	<hr/>
Total	\$1,496.00	\$1,474.18	\$1,700.00

## **LONDONDERRY POLICE DEPARTMENT**

### **"COMMUNICATION CENTER"**

---

In the interest of establishing safer, more reliable and efficient communications between the residents and the various departments, an article has been prepared for your action at Town meeting. Passage of the article will establish a communication center manned twenty-four hours a day. Emergency calls will be directed immediately to the proper department, and will greatly increase the efficiency of each.

The cost of such an operation is relatively moderate when compared to the many benefits the Town will derive from it. At present the Police Department is receiving well over 12,000 phone calls per year. In addition more than 20,000 messages are compiled through the radio system. Under our present system an answering service located in Manchester receives all calls for about one hundred and thirty of the one hundred and sixty-eight hours per week. While this type of service would be a tremendous help to the average business, its limitations in the line of police work are causing us much concern. There is a serious need for someone, well versed in law enforcement to handle the phone and radio at all times. Many of the calls are requests for information which the service operators are unable to answer, which in turn, require the cruiser operator to break off his patrol to go to a phone. At times the delay in answering the phone or radio impedes the ability of the Department to initiate prompt and efficient response. There are many other problems of the present system that we would be happy to explain to interested persons.

A communications center, as planned, would be set up within the Police Department, at the Town Office, to facilitate it's operation. We hope to employ young men

who have recently graduated from high school and who have an interest in law enforcement. They will have a thorough indoctrination in all phases of police work so that they are able to provide the necessary capability of the system. They will not only answer and log the phone and radio calls, but will assist the Police secretary in the many duties of the office. This should save the expense of additional office personnel for sometime.

They will be required to continue formal education in the field of law enforcement. As the town continues to grow and the department expands these young men should provide us with a source of exceptionally able and qualified men with which to build. We can then do away with the "hit or miss" method of employment which now plagues most police departments.

In addition to these benefits, the Communications Center will also save the cost of extra personnel to cope with answering and dispatching of the Fire Department. Chief Brewer explains his problem in his report to the town.

The ability to dispatch directly to the Highway Department will also contribute to the safety of our roads and highways. Problems such as icy roads, pot holes, fallen trees and washouts, will be able to receive prompt attention.

## LONDONDERRY AUXILIARY POLICE

---

Another year has elapsed and the Londonderry Auxiliary Police is in its second year as an established organization.

It has considerably increased its membership with men of dedication and devotion to duty towards their community needs. These men attend a continuous program which involves all phases of law-enforcement training including specialized instructions in the use and handling of firearms. In 1971 the Auxiliary Police Officers performed a variety of services pertaining to law-enforcement, some of these were:

- Weekend cruiser duty
- Memorial Day Parade
- Fire Prevention Parade and Muster
- Halloween Patrol
- Old Home Day
- Other miscellaneous services as required

The volunteer man hours worked in 1971 by these men was in excess of 2080 hours, this is quite a comparison to 1970, which was approximately 1134 hours.

On September 19, 1971 the Londonderry Civil Defense and Londonderry Auxiliary Police hosted the 12th Annual Civil Defense Auxiliary Police Pistol match which was held at the Grenier Field Pistol Range in Londonderry. This was possible through the efforts of those officers and community minded citizens who assisted in completely renovating the existing Pistol range which was in a state of deterioration. These landscaped, trimmed trees, fabricated new targets, and extended the course an extra 25 yards so as to meet the specifications for the course of fire, known as the F.B.I. Practical Pistol Course (combat type). At the final results of the Pistol competition, the Londonderry Auxiliary Police ended up with the following results:

- "Fixed Sights Class" = 1st High Individual
- 1st High Team

a tribute to the men of the Londonderry Auxiliary Police and their town . . .

Another problem that the Unit encountered was that of needing a dependable vehicle for Patrol functions, etc. The 1953 International Van which was on loan to them from Civil Defense was getting quite old and tired and could not measure up to Police needs. At this time, Anagnos Motor Parts heard of this problem and donated a 1965 Ford Galaxi 500 to the Auxiliary Police to be used as their own cruiser. The vehicle, needing some minor repairs before it could be used at its maximum efficiency, was quickly overhauled by the Officers and supporting citizens of the Londonderry-Derry area, who donated their time and mechanical parts at no charge in the interest of the Community. It was then equipped with emergency equipment and readied for service.

In conclusion, it is good to know that the Town of Londonderry has a Reserve Police Unit available at all time, at no cost, for numerous town functions and Emergency service when needed.

SGT. ROGER LEVESQUE

Liaison Officer

Londonderry Police Department

# LONDONDERRY VOLUNTEER FIRE DEPARTMENT

## REPORT FOR THE YEAR 1971

**EMERGENCY CALLS — ONLY** .....432-3138

Station 1 other than emergency .....432-3442

Station 2 other than emergency .....432-3369

The problem of non-emergency calls coming in on the EMERGENCY ONLY line still exists and is increasing. The cooperation of ALL peoples is necessary to reduce the needless activation of the full Department for non-emergency calls.

Fire responses decreased over 1970 and were as follows:

Grass, woods and trash fires .....	31
Motor Vehicle fires .....	22
House fires .....	13
Dump fires .....	10
Electrical fires .....	6
Apartment fires .....	6
Mobile home fires .....	4
Industrial and commercial fires .....	3
Hen house fires .....	1
Rubbish truck fires .....	1
<b>Total all fire responses .....</b>	<b>97</b>

### Activations other than fires:

Burner, building and gas tank inspections .....	52
Checking smoke for possible fire .....	22
Filling pools .....	17
Miscellaneous and false alarms .....	12
Ladder rescue calls .....	9
Burning buildings .....	6
Pumping cellars .....	4
Police Department assistance .....	4
Mutual aid assistance .....	3
Resuscitator calls .....	2
<b>Total responses other than town fires .....</b>	<b>131</b>

The estimated fire loss for 1971 was estimated at \$59,200.00. Even though this represents only a small percentage of loss of the Town's 44 million plus property valuation the fact still remains that a lot of this is avoidable. Proper fire prevention measures should be a matter of course with all our Townspeople. Another area of possible reduction of loss would be a Central

Communications System. We have advocated this before and can see the necessity of such a system NOW.

Fast response to a fire makes many dollars difference in losses and can result in only minor loss. This Department would not be the only one benefiting from such a system since such a system should encompass the Police, Highway, Civil Defense and any other emergency Department. We cannot stress too strongly the adoption of such a system.

It should again be pointed out the requirements regarding oil burner installations. The steps that must be taken are:

1. — Make application with this Department before installation.
2. — Request inspection after installation.
3. — Receive permit after inspection and before operation.

To achieve the above either phone or contact Station 1.

Departmental expenditures for 1971 were as follows:

Wages .....	\$21,932.14
Supplies and Equipment .....	5,132.70
Communications .....	2,760.64
Telephone .....	1,490.11
Department share of pension fund .....	1,315.90
Insurance .....	947.20
Additions to Station No. 1 .....	920.38
Blue Cross .....	660.00
Heating Fuels .....	588.60
Miscellaneous .....	582.21
Electricity .....	432.32
Gasoline and oil for vehicles .....	334.51
Station maintenance .....	160.19
Vehicle repair and maintenance .....	143.54
<hr/>	
Total Expenditures .....	\$37,400.44
Town Appropriation for 1971 .....	32,000.00
<hr/>	
Portion of Expenses Raised by	
Department .....	5,400.44

As in all previous years the Department raised a good portion of their necessary expenditures through the fund raising efforts of their personnel.

Fund raising ran the gamut from the annual May Ball to monthly dances, selling fire extinguishers, collecting newspapers for recycling, filling swimming pools, selling Christmas trees and any other venture to raise money.

The annual Fire Prevention Week program has been a growing success and this year was no exception. Many surrounding communities were represented by their Departments in the parade and Manchester and Nashua both conducted very interesting demonstrations with their equipment. The Fire Prevention program included visitations to each home in the Town to pass out literature concerning fire prevention and safety.

Training programs continue on a regular schedule and my never ending thanks go to the Volunteers who give so much of themselves to afford so much protection for us all.

As of the printing of this report the Department has received the new fire truck purchased by the Town as per last years Warrant. We have great hopes for this piece of equipment and will be better able to report on its success after usage.

As of December 31, 1971 the Board of Directors of the Department accepted my, Chief Brewer's, resignation. The Board has appointed Daniel Hicks as Temporary Chief until such time as the Board appoints a permanent one.

It has been my pleasure to serve with the Department for many long years and especially those years I served as Chief. I wish to acknowledge, with grateful thanks, the cooperation, loyalty and unselfishness of the personnel with whom I have served. The many years have been rewarding ones and I hope the same devotion will be given my successor.

I stand ready to assist in any way in the transition period and do intend to remain as active as time permits.

Again my thanks to the Department and to any and all contributions made by those other than departmental personnel for the assistance in producing what I feel to be the BEST VOLUNTEER FIRE DEPARTMENT in this State and undoubtedly in New England.

Respectfully submitted,

HOMER L. BREWER

Chief

## **REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF**

### **Lest We Forget — It Can Happen Here**

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong dry hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellarholes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947. Nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand, a lighted match or a glowing cigarette.

2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your WARDEN first.

3. **Most Important** — Instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and lead to tragedy.

4. If you camp or picnic, be sure open fires are allowed and if they are, put them **dead out** when leaving.

All fire permits issued in Londonderry can be obtained as follows:

Monday through Sunday — 8 a.m. — 5 p.m. at Fire Stations. Any other time permit can be obtained from:

Forest Fire Warden, David Hicks .....	432-5304
Deputy Warden, Chester Button .....	432-5538
Deputy Warden, Leigh Nesmith .....	432-5917
Deputy Warden, Fred Moody .....	432-5916

The past year — 1971 was a favorable year for the control of fires. There were too many fires started in towns. We thank those who remembered and ask others to heed Smokey's message.

Number of fires reported and acres burned — 1971		
State .....	463 fires	160 acres
District .....	101 fires	61 acres
Town .....	31 fires	2 acres

Permits issued in Londonderry for the year 1971—575

RALPH STEVENS,  
District Chief

DAVID A. HICKS,  
Forest Fire Warden

## 1971 RECREATION COMMISSION ANNUAL REPORT

---

The town meeting of 1971 saw the creation of a permanent five (5) member recreation commission, the appointment of which was delegated to the selectmen.

At the end of March, the selectmen appointed Robert Lincoln and Charles Fowler for three (3) years; Arlene Spahn and Horace Etheridge for two (2) years and Joseph Eaton for one (1) year.

The first program initiated by the Commission was a summer playground program which ran for a period of six (6) weeks and averaged three hundred (300) children a week. It was held at the Central school and offered a variety of Arts and Crafts and Athletic activities. The Commission applied for and received a playground grant of \$250.00 from the Spaulding-Potter Trust Fund. This grant was used to help pay the salary of an Arts and Crafts Director.

In the fall, a flag football program was started for boys from seven (7) to twelve (12) years of age. This program ran for a period of eight (8) weeks and saw approximately eighty (80) boys participate.

Starting the first of January a basketball program for both boys and girls from seven (7) to fourteen (14) years of age was conducted on Saturdays from 9:00 to 5:00 with an average of 140 children attending. On Wednesday night a man's basketball program was started. These basketball programs were conducted at the Central School.

During the past year we have met with the selectmen, Conservation Commission, Planning Board, School Board, Chief of Police, Derry Recreation Director and the State Recreation Commission. Several trips have been made to Concord and surrounding towns to gain knowledge in conducting our recreation programs.

The Recreation Commission would like to thank the Londonderry School Board for the use of the Central School facilities, the Londonderry Athletic Association for the use of the field for football and to all individuals who have helped to make these programs the success that they were, our sincere thanks.

Respectfully submitted,

ROBERT W. LINCOLN  
Chairman

## REPORT OF HEALTH OFFICER

---

This reports covers the calendar year of 1971. During the year 44 complaints were received and resolved in the best interest of the town and its residents.

Overflowing sewage	18
Unauthorized trash dumping	9
Unauthorized construction	2
Unauthorized trailers	3
Apartment & trailer Park without sanitary facilities	3
Unsanitary conditions in Lunch Rooms	2
Unsanitary homes	2
Complaints about animals	3
Flashing business lights	2

Respectfully submitted,

GEORGE W. BARRETT  
Health Officer

## VISITING NURSE ASSOCIATION

---

The Greater Derry Visiting Nurse is an Approved Home Health Agency with Medicare accreditation and provides the following services:

### **NO FEE VISITS** (no charge to patients)

Maternal and Child Health Visits (new baby)  
Immunization Checks on 6 to 18 month old babies  
Tuberculosis Investigations  
Monthly Health Supervision Visits:

- a. As liaison for State agencies, such as Crippled Childrens Services, etc.
- b. For purpose of checking to see if elderly or handicapped persons living alone are well, etc.

### **FEE VISITS**

Visits made under written order of patient's personal physician to perform specific nursing procedures such as:

Bed Bath	Hypodermic Injection
Blood Pressure	Diet Instruction
Surgical Dressing	

In addition, in 1971 the VNA sponsored and provided personnel for a Chest X-ray and Diabetes Screening program in Greater Derry. The agency also established a series of classes for expectant parents, which it will continue to hold twice yearly. Lastly, we arrange, promote and provide rehabilitation for handicapped persons.

We now find ourselves in this very critical situation of low funding due to increased population and its demands for increased personnel, salaries, car maintenance, etc. Also, since we will no longer receive Federal funds and since Medicare funds are becoming increasingly tight, we must now look to the member towns for increased monies in their 1972 budgets to meet our budget.

We would like to suggest to those who have further questions to meet with the Board of Directors of the Director of the Association.

Sincerely,

MRS. SHEELAGH BOISVERT, president  
Greater Derry Visiting Nurse Ass'n.

## REPORT OF BUILDING INSPECTOR

---

This report covers the period from January 1, 1971 through December 31, 1971. The increase of living units over 1970 were 120 and the estimated cost exceeded 1970 by \$378,541.

	Permits	Living Units	Cost (Estimate)
Houses	93	93	\$2,030,860.00
Apartment Houses	10	181	1,620,000.00
Town Houses	11	93	920,000.00
Duplexes	8	16	203,000.00
Alterations	43	4	175,035.00
Garages	17		31,309.00
Car Ports	3		950.00
Mobile Homes	2		18,300.00
Temporary Mobile Homes	1		2,000.00
Replaced Trailers	3		16,450.00
Sheds	15		9,953.00
Barns	4		9,220.00
Swimming Pools	12		34,500.00
Foundations	3		8,600.00
Buildings Moved	1		500.00
Buildings Demolished	1		
Sales Lot	1		1,000.00
Industrial Buildings	3		468,000.00
Commercial Buildings	3		26,000.00
Commercial Garages	2		119,000.00
Service Stations	2		125,000.00
Car Wash	1		20,000.00
Business Operations	9		
Totals	248	387	\$5,840,477.00

Respectfully submitted,

GEORGE W. BARRETT,  
Building Inspector

## LONDONDERRY PLANNING BOARD

---

1971 was, as previous years have been, a busy time for the Planning Board. Many special meetings were held to keep up with the heavy workload. A part time clerk has been employed to help with the clerical work overload. The Board reviewed many preliminary subdivision plans and signed final plans for 175 lots. The Board made a special effort to consider the future results of each plan that was signed to insure the best possible benefit for the Town. A special Town meeting was held in June to vote on changes to our apartment zoning and proposed increases in our Building Permit fees. This new fee schedule has brought in considerable money to the Town. The newly adopted Multi-Family (apartment) Regulations should promote a more orderly community.

The Board updated the Zoning book, adding the amendments that were passed at Town Meeting in March and June. Also, the Zoning Map of the Town was updated and both are on sale at the Town Office to the public.

The Board arranged for a complete ecology study of the Town to be done by the Regional Field Service of the Harvard Graduate School of Design. This was a four phase program. Three phases have been completed including a Presentation to the Town which was held in June. The Harvard Study Group will make recommendations to the Town on the best way to preserve our beautiful environment.

The Board, looking into the possibility and necessity of adopting a building code for the Town, has introduced the BOCA Building Code to be voted on by the people at Town Meeting. The Board feels that since this code is a performance code it would be the most workable one for our community.

The Planning Board has its regular monthly meeting on the second Wednesday of each month and welcomes any interested citizen to view our proceedings.

Respectfully,

GEORGE P. HICKS,  
Chairman

**BOARD OF ADJUSTMENT AND

## LONDONDERRY CONSERVATION COMMISSION

---

The continuing battle to maintain and improve the Kendall Pond-Beaver Brook watershed took the Commission, not only to Derry and numerous conferences with our own Selectmen, but to Concord to meet with the New Hampshire Water Pollution Control Board and its executive board a number of times. We would like to see an organization of the town comprising the Beaver Brook Valley watershed to promote, monitor and ensure proper use and water quality — not abuse.

After meeting with officials of the Public Service Company and viewing portions of their power line rights of way, they planted trees along the west side of Mammoth Road to help screen the power line view from the road.

This coming spring, in conjunction with the University of New Hampshire Extension Service, and under the supervision of U.S.D.A. Soil Conservation Service, Public Service will participate in the experimental planting of low ground cover on bare areas under the power lines.

The Town has acquired the gravel under the power lines on the south side of Wiley Hill Road on a fee per yard basis. In return Public Service will invest this money in improving the visual aspects of their rights of way in Londonderry.

The Town of Londonderry is uniquely divided, throughout, by naturally occurring marshes, swamps and lands which have extremely high water tables, or are under water for most of the year.

These existing areas, while extremely expensive and difficult to drain or fill for development purposes, can and do provide natural open space which should be saved for use as “green belt” and recreation areas as the town continues to be developed.

The lands that comprise these areas provide flood control by containment, recharge to some extent the ground water table in the surrounding area, provide natural habitat for vegetation, fish and wild life, and recreation opportunities.

This type of natural system zoning, when related to the land use capabilities found in Londonderry, provide the Commission with the basis for the "Wetland Conservation District" as proposed through the Planning Board as an amendment to our Zoning Ordinance.

The Conservation Commission meets the first Tuesday of each month at 8:00 p. m. at the Town Offices and welcomes your attendance and suggestions.

For the Conservation Commission

RALPH C. THOMPSON, JR.  
Chairman

**LONDONDERRY HOUSING & REDEVELOPMENT**  
**AUTHORITY**

**Land and Buildings Available**

Substantial progress has been made in the sale of land by the Authority during the past year and commitments by Purchase and Sale or Option Agreement indicate further important development during the next year.

There remain approximately 125 acres available for sale and redevelopment.

The number of buildings available for lease remains practically unchanged. Four more barracks buildings have been released by the Air Force, leaving four buildings on the leaseback, including the NCO Club and Fire Station. These barracks were modified by the Air Force to provide a total of 52 rooms, regarded as suitable for offices on an interim basis. The demand for single story buildings has continued, leaving principally two-story barracks available for lease.

The number of buildings sold for removal totals 15 and the number of buildings on the lots sold total 19.

**Buildings Leased**

As of the end of the year 1971, there are 45 buildings leased from the Authority, occupied by 38 lessees. There are 5 other occupants to Grenier Industrial Village making a total of 43, providing 429 jobs, not including the personnel connected with Air Force activities. The sale of some buildings has reduced the annual rate of income from leases to approximately \$90,000.

## **Status of Land**

Land sold during the year 1971:

<b>Purchaser</b>	<b>Description</b>	<b>Sale Price</b>
Town of Londonderry	Parcel V	\$ 1.00
R. S. Darling, Inc.	Lots 17 & 18, Parcel II	16,800.00
First Nat'l Bank, Derry	Lot 9, Parcel II	7,500.00
Webco Development Corp.	Parcel IV	25,000.00
Edward J. Brennan	Lots 8 & 11, Parcel II	25,000.00

Land under option carries a sale price of over \$200,000.

Land under Purchase and Sale Agreement consists of four lots at a total price of about \$85,000.

## **Capital Improvement**

Funds became available and were expended for several Capital Improvements during 1971 as follows:

1. Rehabilitation of Building T-100

a. Vinyl siding	\$9,987.00
b. Insulation	2,886.00
c. Panelling & painting 3 offices	824.88

---

Total	\$13,697.88
-------	-------------

---

2. New main entrance	23,884.41
----------------------	-----------

3. Cutting of Building T-351 at the Manchester Line	3,117.22
--	----------

---

Total Capital Expenditures	\$40,699.51
----------------------------	-------------

---

## Tax Revenue

Owner	Assessed	Tax	Forecast	
	Value 1971	Revenue 1971	Value 1972	Tax Reven 1972
Tamposi (land)	\$ 60,250.00	\$ 1,626.00	\$ 60,250.00	\$ 1,626.00
Microwave Devel. Laboratories	31,500.00	850.00	31,500.00	850.00
Tamposi buildings				
Fisher Pierce	226,050.00	8,776.00	226,050.00	8,776.00
*Hiliner Corp.	164,000.00	-----	164,000.00	4,428.00
**First National Bank, Derry (Land)	7 500.00	-----	7,500.00	202.00
**R. S. Darling, Inc. (Land)	16,800.00	-----	16,800.00	453.00
**Webco Devel. Corp. (Land)	25,000.00	-----	25,000.00	675.00
**Steelcoa, Inc. (Land)	25,000.00	-----	25,000.00	675.00
*Steelcoa, Inc. (Building)	104 000.00	-----	104,000.00	2,808.00
Total	<u>\$660,100.00</u>	<u>\$11,252.00</u>	<u>\$660,100.00</u>	<u>\$20,493.00</u>
* From building permit.				
** Cost price.				
Motor Vehicle Town Tax		\$ 2,500.00		\$ 3,000.00
Grand Total		<u>\$13,752.00</u>		<u>\$23 493.00</u>

The Lyons Iron Works of Manchester contacted the Authority office regarding their requirements but the Authority land did not provide the large, level, acreage needed. Hilliard-Mills Associates, Inc. were able to meet their needs in the Wilson's Corner area.

Their building permit indicates a cost of \$204,000.00 on land previously assessed at about \$12,000.00.

The above does not include buildings sold by the Authority. Those remaining on April 1, 1972 will be assessed at that time. The redevelopment plans approved by the Authority require substantial construction of taxable property in 1972.

## Contributions to the Town

The following are regarded as contributions to the Town of Londonderry during 1971:

1. Lease of Town Offices, Building T-103.  
Estimated value: \$4,000.00
2. Deed of 8 acres and right-of-way,  
Parcel V for Town Garage.  
Estimated value: 8,000.00
3. Payment in lieu of taxes: 3,500.00
4. Survey of Londonderry/Manchester  
line beyond the bounds of the Authority 2,717.57

5. Option on easements for sewer lines and treatment plant.
6. 500 feet of security fence donated to the Recreation Commission.

### **Implementing the "Village" Concept**

The Authority has retained, on a continuing basis, the services of architect and engineering firms in the interest of assuring a sound and logical development to implement the concept of Grenier Industrial Village. The objective of a self-sufficient and self-sustaining Industrial Village, with supporting facilities and services, was further approached during 1971 by the opening of a branch bank and a restaurant. The importance of permission to provide these services in an industrial zone by the Londonderry Board of Adjustment is recognized and appreciated.

### **Future Development**

Further development of the property of the Authority appears contingent upon assurance of the availability of adequate sewerage facilities. This was pointed out in the 1970 report of the Authority and is repeated again this year. The limitations on the use of the existing system and lack of assurance of sewage treatment facilities are factors which have become increasingly significant and they affect the sale of land. Prompt and effective action is needed, at least in respect to the sewer system serving the Authority's property, to enable the Authority to fully develop its area for industrial use.

FLOYD G. LAMSON,  
Chairman

ROWLAND H. SCHMIDTCHEN,  
Treasurer

January 25, 1972

January 25, 1972

To the Commission  
Londonderry Housing and Redevelopment Authority  
Londonderry, New Hampshire

Gentlemen:

We have examined the Balance Sheet of the Londonderry Housing and Redevelopment Authority at December 31, 1971 and the Statement of Operations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other procedures as we considered necessary in the circumstances.

In our opinion, this Statement presents fairly the financial condition of the Londonderry Housing and Redevelopment Authority as of December 31, 1971, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

JOHN G. DRAYTON,  
Auditor

JGD/hm

## **The State of New Hampshire**

---

To the Inhabitants of the School district in the town of Londonderry, New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the Londonderry Central School in said district on the fourth day of March 1972, at two o'clock in the afternoon, to act upon the following subjects:

1. To hear reports of agents, auditors and committees or officers chosen and pass any votes relating thereto.
2. To see if the District will authorize the school board to make application for and to accept on behalf of the District any and/or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government and/or the State of New Hampshire.
3. To see if the District will vote to authorize the School Board to accept in the name of and in behalf of the school district gifts for the use of the school.
4. To see if the District will vote to accept the provisions of Public Law 89:10 designed to improve educational opportunities with particular reference to low income families, and to appropriate such funds as may be available to the District under the Federal Act for such particular projects as may be determined by the school board. Further, to see if the District will authorize the school board to make application for such funds and to expend the same for such projects as it may designate.

5. To see if the District will vote to direct the Londonderry School Board to take whatever actions are necessary to establish the Londonderry School District as a separate Supervisory Union.

6. To see if the District will vote to increase the membership of the Londonderry School Board to five members, commencing with the 1973 election, and to vote also the number of members to be elected each year.

BY PETITION:

7. To see if the Town will vote to require the School Board to deliver the children no more than forty-five minutes before the start of school and to deliver them to the approved bus stop no more than forty-five minutes after the close of school, and to see what sums of money the District will vote to raise and appropriate to fund this article.

BY PETITION:

8. To see if the Town will vote to require the School Board to establish a fair bus schedule; i.e. each child will be assigned to the same trip number in the morning as in the afternoon. With the passage of this article, the bus routes shall be altered annually.

BY PETITION:

9. By request of Norman Russell and others to see if the School District will vote to require that the School Board and the School District submit for competitive public bidding any capital expenditure of over \$1,000.00 authorized by the School District.

10. To see what sum of money the district will raise and appropriate for the support of schools, for the salary of school district officials and agents and for the payment of statutory obligations of the district.

11. To transact any other business that may legally come before this meeting, including the appointment of committees.

Given under our hands at said Londonderry this 8th day of February 1972.

JAMES L. WRAY  
GORDON R. ARNOLD  
WILLIAM BOUCHER

## REPORT OF THE LONDONDERRY SCHOOL BOARD

---

The unbelievable growth of Londonderry is continuing to be a major factor in education. The inability to keep up with our building program is our most pressing problem. It is our goal that Phase I of the proposed new high school will be ready for occupancy by September of 1972 and will, as well as becoming a certified junior high school at its opening, house at that time the 5th and 6th grades.

We are continuing to up-date our curriculum and methods of teaching. We have a professional staff that is enthusiastic and energetic. They are capable and willing to advise and help you with any problem or suggestions you may have. The Board highly recommends that you visit your schools.

Our crowding in some grades and classrooms, as well as improved bussing situations, need attention in the future. The taxpayer has to be considered. We were disappointed in the lack of usual funds from the State and Federal Agencies and the resulting added burden to the local taxpayer.

Time and destiny will dictate future progress.

JAMES WRAY, Chairman  
GORDON ARNOLD  
WILLIAM BOUCHER

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the citizens of Londonderry, I hereby submit my report as Superintendent of Schools.

During the 1970's the Londonderry School District will be faced with an ever increasing school population. The student growth is currently increasing at the rate of over 11% annually. This dramatic increase is following growth patterns predicted by studies of the New Hampshire Water Pollution Control Commission and the Little Study, financed by the National Shawmut Bank of Boston.

This growth can be seen in the number of new homes and apartments now under construction in the town. With this new construction comes the ever increasing demand on the facilities of the Community.

This growth is more apparent if we look at the enrollment in our schools ten years ago. In 1960 the student population consisted of 409 pupils in one school. Contrast this to the enrollment in 1970 of 1,055 students in two schools and the projected enrollment for 1972 of 1,296 students.

The first phase of a high school complex will be completed in the fall of 1972. This facility will house approximately 500 students in grades six through eight. The new facility and the two existing school buildings will need to be supplemented by the 1974 school year. If the school board's program of establishing a ninth grade class in the fall of 1975 is to be realized, new facilities must be added to the high school complex prior to this date. This means that new elementary and secondary class-rooms must be ready for occupancy by 1974 and 1975 respectively.

If we are to continue the present level of education now existing in the Londonderry school system, we must continue to plan for this rapid growth in student population. With this in mind, I am submitting the following

recommendations to the Londonderry School District and the school board:

1. A school building needs committee be established as a permanent committee of the school board.
2. The procedure for the annual school census be evaluated and revised to include a data processed system.

Under the direction of Arthur Mitchell, Jr., Assistant Superintendent of Schools, a program for curriculum development has continued to be a major part of our school planning. The Londonderry school principals are currently involved in an independent study program with Dr. Phyllis Henry and Dr. Paul Warren of Boston University. The purpose of this study is to evaluate areas of the curriculum in the Londonderry School District and determine the effectiveness of our curriculum materials. This study will be completed during the 1972 school year. I wish, at this time, to express my appreciation to Mr. Robert Shea, Principal of the Londonderry Central School, and Mr. Donald Jobin, Principal of the North Londonderry School, for the hours they have devoted to this study.

I would like to express my appreciation to the staff of the Londonderry School District for their many efforts to provide a learning program that truly meets the needs of the individual student.

Respectfully submitted,

BERNARD J. ELLIS  
Superintendent of Schools

## **REPORT OF THE PRINCIPAL**

### **Londonderry Central School**

To the citizens of Londonderry, I hereby submit my annual report as Principal of the Londonderry Central School.

Increased school enrollment this year seemed to be the "byword." Our school enrollment rose from 574 as of September 10, 1970 to 630 in June, 1971. A projected figure of 721 students are scheduled to be enrolled at the Central School in September of 1971. This calls for 4 additional teachers and classrooms to be housed in the immediate area of the school complex. Curriculum planning and coordinating the many innovative programs initiated during this past year should challenge the staff during the coming months.

Many of the ideas and activities initiated this year were aimed at a more individualized and continuously progressive educational system. This in essence eliminates frustration for the students who may have been challenged beyond their capabilities and also makes provisions for the academically gifted who in the past may have endured boredom.

Attention has been focussed on continuing our non-graded primary program which provides continual advancement from our readiness class throughout the various learning levels, as well as initiating a flexible scheduling program at the Junior High Level. The area of specific attention given in our Junior High program was grouping separately according to ability in Math and Language Arts and allowing for individual interest in Social Studies and Science.

We have further attempted to augment those programs that are of a remedial nature.

This year for the first time Mr. Vadeboncoeur, a sixth year teacher, Mr. Kulish, a part-time person who is a Naturalist and Ecologist and myself have set up an innovative program of study in nature and conservation in our sixth year program.

The program briefly consists of the youngsters working in an outdoor laboratory setting rather than in the classroom. Units of work have been set up in two-hour time blocks, two times a week which takes in three of the four seasons. Youngsters and teachers come to school dressed accordingly.

The following outdoor activity areas are continually correlated with Math, Language Arts, Social Studies and Science during the remainder of the week in classroom setting.

1. Natures' elements and its effects on man
2. Soil Conservation
3. Community pond, swamp and bog study
4. Forest conservation, management and techniques
5. Conservation of wildlife
6. Air and water pollution

Although the program this year was limited and experimental in nature, the educational possibilities are unlimited. The staff feels the motivation is there for a whole new way of learning.

With the conviction that true education is not merely the transfer of information from one source to another, but a process of growth in maturity and judgment along with the acquisition of knowledge. We the faculty are devoting our energies toward the achievement of that goal.

Respectfully submitted,

ROBERT J. SHEA

## **REPORT OF THE PRINCIPAL**

### **North Londonderry School**

This past school year was a very rewarding one for all of us who worked at the North Londonderry School. The extension and enrichment of many school programs was possible with the cooperation of the entire staff.

Nearly all of the teachers were involved in in-service workshops and in other professional courses during this year. Dr. Howard Kimball, graduate school director at U.N.H. offered a course on Individualized Instruction at this school, which was an extension of a workshop held here last August. The entire intermediate staff followed this program.

School today, should be a pleasant place for students as well as teachers, where optimum learning can occur. This is prevalent at this school, where each student is as important to us as another, whether bright or slow. Along with the above, we are able to foster educational programs that correspond to each child's individual needs and interests.

Our primary program was further improved by having parent-teacher conferences at all levels. Parents and teachers discuss the progress of each child periodically. This method of reporting progress is far superior than the traditional report card. It is hoped that this program will be expanded into the intermediate grades also.

Throughout the year, we had student-teachers from Keene State College and Notre Dame in Manchester, along with college volunteers who rendered their services to students here many hours each week.

Our student teacher program will be further expanded next year, whereby, we will have teacher interns throughout the school year. We have also developed such a program with Rivier College in Nashua. These programs allow additional help to students at all levels.

Another successful program that was initiated during this past school year was the Teacher Aid program. We had three outstanding ladies from Londonderry who,

after training, worked with students in the classroom under the supervision of teachers.

The teachers are grateful to the teacher aides for their dedication and cooperation.

Our special education program was reorganized to be more vocational than academic under the direction of Mrs. Doris Currier, who is retiring after sixteen years of service to the students of Londonderry.

The physical education program was expanded to include gymnastics as well as other sports under the direction of Mr. Daniel Kestlinger, who contributed countless hours of his time to the children of Londonderry.

The success of this school is due to everyone on my staff, the teachers, specialists, the aid, the librarian, my secretary, the custodians and the kitchen staff. I am personally grateful to be associated with such an outstanding team.

My thanks are also extended to Mr. Ellis, Superintendent and Mr. Mitchell, Assistant Superintendent, who consulted with us on many occasions; Mr. Christo, Pupil Personnel Director, for his involvement with many of our students.

However, a special appreciation is extended to the School Board and to the citizens of this community for their interest in the education of their children.

Respectfully Submitted,

DONALD JOBIN

## REPORT OF THE READING CONSULTANT

---

Another year comes to a close and it is time to reflect upon the accomplishments and plans which have taken place within our Language Arts Program this past year.

I believe the biggest single accomplishment for assistance to teachers began last summer in the Language Arts Curriculum Workshop held in August. A committee of teachers and consultants worked for a two week period writing and assembling a set of curriculum guidelines and skills lists to assist teachers in planning for instruction at each level. Included in this booklet are diagnostic tests and teaching aids for all levels of the language arts curriculum. This guide has been well received by the Union teachers and should be considered quite an accomplishment for the Union. Educators from all of New England had the opportunity to see this curriculum guide at the New England Reading Convention held in the fall and many were most enthusiastic about its contents.

Another achievement not only for teachers, but for parents, has been the extension of the parent-teacher conference program to first and second year students, rather than only a progress report. These conferences are invaluable to better communication between the school and home. We are hoping to include third year students in the compulsory conference program next year. The past year we have sent written progress reports to students in third through sixth grade. Conferences have been optional. It is our hope to eventually have conferences scheduled to discuss each child's progress in grades one through eight.

New materials coming into the schools this year have placed emphasis upon current topical interests. Programs have been selected keeping in mind small activity groups or individual students working at their own pace. Individualized reading programs and kits

including books, tapes, and filmstrips have been used widely at the intermediate levels.

Because of the growing enrollment in the Londonderry schools we have had to increase amounts and kinds of materials for the 1971-72 school year. We have tried to emphasize individual programs rather than basal textbooks. Motivation for learning is much higher if aids to learning are exciting and interesting. This philosophy has been uppermost in our minds as we purchased new materials.

The reading programs carried on by Mrs. Erma Knox at the North Londonderry Elementary School and by Mrs. Marion Landry at the Londonderry Central School have provided most significant assistance in carrying out the developmental reading program within each school. Children have come to them two or three times a week for special attention with specific problems. These students do not necessarily stay with the reading program all year, but may be released when the teacher feels that the child no longer needs special help. In addition to these classes both teachers have worked closely with classroom teachers assisting them in numerous ways. I wish to express a special thanks to both of these fine teachers for their help.

At this time, then, I would like to express my appreciation to Mr. Jobin, Mr. Shea and to the Londonderry staff for making this an interesting and rewarding year.

Respectfully Submitted,

SHIRLEY J. BORING  
Reading Consultant

## SCHOOL HEALTH REPORT

September 1970 — June 1971

### Reported Communicable Diseases:

Chicken pox	29	Strep throat	10
Measles	0	Impetigo	5
Scarlet fever	16	Whooping cough	0
Mumps	38	German Measles	0
Vision tests	1,152	Defects found	28
Hearing tests	892	Defects found	12
Height & Weights	1,068		

### First Aids:

North School	633
Central School	883

Home Visits	62
-------------	----

The Dental Program sponsored by the American Legion had a very successful year. 440 students took part in this program which consisted of prophylaxis plus a topical fluoride application and dental hygiene instruction.

In an effort to cooperate with the New Hampshire Division of Public Health, arrangements were made to coordinate scheduling of a Pre-school Vision and Hearing Screening in conjunction with school registration.

The Londonderry Lions Club sponsored the Pre-school Vision and Hearing Clinic. Equipment was made available for our use by the New Hampshire Division of Public Health. The clinic was held on April 20th and 21st at the Fireman Hall. A total of 202 children ages 4 to 6 were screened for vision and hearing defects.

Children who were six years old by December 31, 1971 were also registered for first grade.

My sincere thanks to the American Legion for sponsoring the Dental Program and the Lions Club for sponsoring the Pre-school Vision and Hearing Clinic. Without the support of these organizations it would not be possible to make these programs available to the Londonderry children.

The value of pre-school health appraisal, including screening tests, lies in the importance of early case find-

ing and correction of defects at an optimal time; before the child enters school.

Necessary curriculum and classroom adjustment can be instituted without delay for children with identified unremediable problems.

I wish to express my thanks to the superintendent, principals, teachers, parents and the school board for their cooperation.

Respectfully submitted,

CLAIRE HUNTER, RN

## **SPEECH THERAPY PROGRAM**

### **Supervisory Union No. 10**

To the Superintendent of Schools and members of the School Board:

Federally funded through Title I ESEA, in 1970-71, the Speech Therapy provided 2 full-time speech therapists, Mrs. Judy Reed and Mrs. Deborah Gratton, to serve the towns of Auburn, Chester, Derry, Londonderry, and Windham. 205 children in 12 schools were seen for therapy. A 4-week Summer Speech Clinic was held in July, 1971.

Approximately 1000 children, including all third-graders, were screened in Fall, 1970, for early identification of speech problems of voice, articulation, hearing loss, auditory perception, stuttering, and language development. Referrals were also received from school personnel for evaluation of possible speech problems.

Video-tape equipment was purchased with Title I funds for visual aid in therapy and for language activities in the special education classrooms. The equipment was used in April to tape an information session which was held with teacher representatives present to hear 4 speakers from the field of speech pathology. The purpose of this session was to make teachers aware of types of speech problems, of making referrals, and of follow-up speech activities in the classroom. The video-tape will be presented to the staffs of each school in the Fall, 1971. The Session also provided information for a teachers' handbook to aid in these areas.

Through the coordinated efforts of Mr. Anastas Christo, Pupil Personnel Director, and Mr. Hugh Holt, Elementary Guidance Counselor for Derry, the speech therapists were involved in case studies with the Manchester Rehabilitation Center and the Greater Salem Mental Health Clinic. In these team evaluations, the efforts of the staff established objective goals, recommendations, and follow-through for the children concerned.

With better school coverage because of 2 full-time speech therapists, the number of children seen this year increased and they were seen more often. This increase in service was beneficial since it offered the children frequent, consistent therapy that was important to their speech improvement.

The Special Education classes participated in a language development program carried out by the therapists one hour a week. In these language activities, the children showed improvement in oral self-expression.

I wish to thank the Superintendent of Schools, his administrative staff, the School Boards, principals, teachers and staffs of all schools for their participation and help in the program.

Respectfully submitted,

MRS. DEBORAH GRATTON  
Coordinator/Speech Therapist

**DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION**

**Concord, New Hampshire**

**SUMMARY OF FINDINGS  
AND RECOMMENDATIONS**

The School Board  
Londonderry School District  
Londonderry, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Londonderry School District for the fiscal year ended June 30, 1971, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

**Scope of Audit**

Included in the examination and audit were the accounts and records of the School Board, School District Treasurer and the School Lunch Program.

**Financial Information**

**Comparative Balance Sheets — General Fund:** (Exhibit A-1)

Comparative balance sheets — general fund — as of June 30, 1970 and June 30, 1971, are presented in Exhibit A-1. As indicated therein, the Net Debt of the District decreased by \$74,113.15, from \$700,252.68 to \$626,139.53, during the fiscal year ended June 30, 1971.

**Analysis of Change in Financial Condition — General Fund:** (Exhibit A-2)

An analysis of the change in financial condition — general fund — of the School District during the fiscal year is made in Exhibit A-2, with the factors which caused the change indicated therein.

These were as follows:

**Decreases in Net Debt:**

Bonds Paid

During Year           \$60,000.00

Net Budget Surplus   18,860.47

---

\$78,860.47

**Increase in Net Debt:**

Surplus Used to

Reduce School Tax                   4,747.32

**Net Decrease**

---

\$74,113.15

---

**Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues — General Fund: (Exhibits A-3 and A-4)**

Comparative statements of appropriations and expenditures — estimated and actual revenues — general fund — for the fiscal year ended June 30, 1971, are presented in Exhibits A-3 and A-4. As indicated by the Budget Summary (Exhibit A-4), a revenue surplus of \$4,722.83 plus a net unexpended balance of appropriations of \$14,137.64 resulted in a net budget surplus of \$18,860.47.

**Comparative Balance Sheets — Non-Revenue Account: (Exhibit A-5)**

Comparative balance sheets — building fund account — as of June 30, 1970 and June 30, 1971 are presented in Exhibit A-5.

**Treasurer**

**Summary Statement of Receipts and Expenditures — General Fund: (Exhibit B-1)**

A summary statement of receipts and expenditures — general fund — for the fiscal year ended June 30, 1971,

made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance — general fund — as of June 30, 1971, is included in Exhibit B-2.

**Building Fund: (Exhibit B-3)**

The activity in the building fund account during the fiscal year is shown in Exhibit B-3.

**School Lunch Program: (Exhibit C)**

A statement of the school lunch program account is included in Exhibit C.

**School Tax: (Exhibit D)**

Exhibit D presented a statement of the School District tax account with the Town of Londonderry. As indicated therein, at June 30, 1971, the School District had received from the Town of Londonderry a total of \$830,706.71 on account of the 1970-71 school tax, the amount of which was \$847,146.71 less an advance to the School District in the 1969-70 school year of \$16,440.00.

A balance of \$52.32 (due from the Town of Londonderry at June 30, 1970) on account of the 1969-70 School Tax is due the School District at June 30, 1971. This is shown as an asset account in the general fund balance sheet (Exhibit A-1).

**Bonded Indebtedness: (Exhibit E)**

A statement of the outstanding bonded indebtedness of the School District as of June 30, 1971, showing annual debt service requirements is contained in Exhibit E.

**General Comments**

**Current Surplus:**

The current surplus (excess of total assets over current liabilities) increased by \$14,113.15 from \$4,747.32 to \$18,860.47 during the fiscal year ended June 30, 1971 as shown herewith:

	June 30, 1970	June 30, 1971
Total Assets	\$40,056,79	\$31,981.57
Current Liabilities	35,309.47	13,121.10
	<hr/>	<hr/>
Current Surplus	\$ 4,747.32	\$18,860.47
	<hr/>	<hr/>

**Note, Bond & Coupon Register:**

Once again we wish to call to your attention that the Treasurer of the School District should procure and keep a note, bond and coupon register as required by R.S.A. 33:12.

**Conclusion:**

The provisions of Chapter 184 of the Laws of 1955, require that the auditors summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District. Publication of the exhibits included in the report is optional, at the discretion of the School Board.

We extend our thanks to the officials of the Londonderry School District for their assistance during the course of the audit.

Yours very truly,

FREDERICK E. LAPLANTE  
Director  
Division of Municipal Accounting  
State Tax Commission

FEL:tcg

## **LONDONDERRY SCHOOL DISTRICT**

### **Certificate of Audit**

This is to certify that we have examined and audited the accounts and records of the Londonderry School District for the fiscal year ended June 30, 1971.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the Exhibits included herewith present fairly the financial condition of the School District as of June 30, 1971, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

**FREDERICK E. LAPLANTE**

Director

Division of Municipal Accounting  
State Tax Commission

FEL:tcg

## ENROLLMENT IN SCHOOLS

The following tabulation shows the enrollment in the Londonderry Schools as of September 7, 1971.

Grades	1	2	3	4	5	6	7	8	Special	Total
Central	121	99	78			140	124	120		682
North	62	47	41	130	137				8	425
Total	183	146	119	130	137	140	124	120	8	1107

## ENROLLMENT IN HIGH SCHOOL 1971-1972

The following tabulation shows the number of high school pupils by grade and the tuition rate.

	9th	10th	11th	12th	Total	Tuition
Pinkerton	89	69	44	48	250	\$830.00
Memorial	39	37	19	20	115	825.00
Manch. West					1	825.00
Haverhill Trade			1	2	3	825.00

## ENROLLMENT IN SCHOOLS OUTSIDE THE DISTRICT

William J. Moore	2	2	\$1,200.00
Miss Jacques		2	1,000.00
Crotched Mountain		2	600.00
Manchester Rehabilitation		1	.....
Manchester Association for Retarded Children	2	2	550.00
